Compact and robust

You can rely on the VERTICAR®. Its robust and proven technology is based on our more than 70 years of experience in the design and manufacture of scissor lifts. Thanks to its compact design it offers better utilisation of limited shaft space.

The VERTICAR® uses Hörmann's elegant automatic sectional doors as standard.

NEW!

CALL CAR LIFT VIA APP!

Like all our car lifts, the VERTICAR® can also be conveniently called via smartphone app or remote control. Once inside, the driver conveniently controls the lift via the constant pressure switch.
